

ICN-200

INKCUPS

ICN-200

The ICN-200 pad printer is a one-color sealed cup pad printer ideal for large parts. This machine handles ink cups up to 7.8" (200mm), which enables it to print images up to 7.48" (190mm) in diameter. The ICN-200 is standard with a sturdy base cabinet assembly and an XYR tooling table perfect for handling and registering artwork on larger parts.

This industrial machine can handle items up to 11.7" (299mm) tall which makes it the perfect solution for plastic molded items such as trash bins and food storage containers as well as industrial products such as satellite dishes. In addition to its large printable area, the ICN-200 has an extended forward stroke with the ability to reach 11.8" (300mm) to the print area.

FEATURES

ONE-COLOR PAD PRINTER

**AVERAGE PRODUCTION SPEED:
550 - 650 IPH**

**MAXIMUM ARTWORK SIZE:
7.48" (190MM)**
